

Sister's Home Style Entrées, Humboldt

Deb Davis is extremely proud of Sister's Home Style Entrées. Her company makes frozen meals to go and is located in downtown Humboldt. Deb offers family packages, but the majority of the company's sales are its meals-for-one.

Sister's Home Style Entrées prepares the meals from scratch, packages those meals and then ships the meals out to customers all over Iowa. The company's online ordering capability is a great way for busy people to custom order single meals for themselves or their aging parents.

- Sister's Home Style Entrées has increased its sales to over \$3.1 million in the past 12 months.
- Sister's Home Style Entrées expanded its facilities from two buildings totaling 4,800 square feet, to a new building with 25,000 square feet.
- Sister's Home Style Entrées, which started with only Deb and her husband cooking, packaging, and shipping the meals, has grown to more than 31 full-time employees. The company sold only 1,400 meals per month in its first six months but is now going through a major expansion, with sales at 37,000 meals per month in Iowa, and a huge opportunity to grow its market further.

"Sister's Home Style Entrées is a result of my desire to give back to my community and state in a way of providing jobs and services to many," says Deb. "I am proud and honored to represent such a strong growing company with a mission to help others."
